About The Event

The Code Crusade is an annual coding workshop & competition held for the freshers of Swami Vivekanand Group of Institutes. It is an initiative by TheUniques to introduce the new comers to the world of logic building.

The students will get a chance to explore the basics of coding and logic building in the most interactive and informative way possible

The Code Crusade is a five day workshop on with the sole purpose of logic building concluding with a competition in which the winners will get the title of the CRUSADER and exciting prizes

WHY JOIN? the uniques

- We provide you best development course. This group aims to make you a business consultant as well as an entrepreneur.
- It makes you client ready from 3rd semester only. During this course, we gain a great deal of knowledge and skills that allow us to work on live projects.
- We always look for online course for our expertise so that our CV looks adequate but what if we are getting that on offline mode with best experts of their field.
